Montgomery County Council
Public Hearing

Re: Vaccine Passports

To Whom It May Concern:

I am a long time resident of Montgomery County in Potomac MD and my daughter and her fiancé are now purchasing a home in Potomac as well.

I am writing to object to the proposal of a mandatory vaccine passport in Montgomery County.

Over the Holidays, many of my family members and friends who are all fully vaccinated and boosted all contracted Omnicron. Clearly, the vaccine is not working against this strain. This vaccine mandate would not have prevented this rapid spread as clearly the vaccinated are spreading the virus

The CDC just came out saying that Natural Immunity Outperformed Vaccines Against the Delta strain. So how would a vaccine mandate work for those with natural immunity.

The Supreme Court just ruled against Vaccine Mandates.

The UK along with Scotland, France and Spain are all easing restrictions so why is Montgomery County enforcing more mandates???

Montgomery County is a great place to be but if you are going to enforce unconstitutional mandates then many people including myself will be looking to move.

You are not listening to your constituents. We are tired of the lockdowns, tired of masks, testing and especially tired of the mandates!!!

Enough is Enough! Time to end the madness.

Sincerely,
Theresa Kline
